01 LIVE

LOAD THE MARKET

Pull the official agency sources for our pilot jurisdiction: the allocation plan, fee rules, and award history.

02 LIVE

EXTRACT & TEST

AI pulls out fees, unit limits, and deadlines, each tied to its source and retrieval date, then tests DL3's 7 screening gates.

03 MOCK-UP

+WHAT TO WATCH FOR

Three things to look for as we click through

1

Every number has a receipt

Click any fee or deadline to see the official document, page, and date we pulled it.

2

Pass or fail, with the reason

See which of the 7 screening gates each project clears, and why it misses any.

3

Unsure means held, not ranked

Low-confidence rules go to DL3's review queue before they can change any score.

TRY IT Point at any number on screen and ask us where it came from.
